

## *Principal's Ponderings for the Year End*

As we look to the final weeks of this school year there are many field trips and activities that have been scheduled. We have attempted to put on the list below everything that we know will be happening before the end of the school year.

Classroom teacher assignments are listed at the end of this article.

Assigning students to classes is most effectively done by our classroom teachers who have been working with the students daily in an educational setting. Therefore we will not be accepting parent requests for teachers for next year.

Teachers consider the learning styles and academic needs of the returning students and assign them to classrooms at the next grade level. This process is done with care and the utmost consideration of each child's academic and social/emotional needs.

It takes careful consideration of many factors to create equitably balanced classrooms in terms of academic needs, behavior, gender, ethnicity, and number of students.

*Class Lists will be posted in the school front windows at 12 noon on August 10, 2017*
